- 1.34 *Hosta sieboldiana* 30
- 1.35 *Allium cepa* 31
- 1.36 *Agapanthus praecox* 31
- 1.37 *Amaryllis belladonna* 32
- 1.38 *Allium sativum* 32
- 1.39 *Scadoxus puniceus* 33
- 1.40 *Tulbaghia violacea* 33
- 1.41 *Lapageria rosea* 34
- 1.42 *Tricyrtis hirta* 34
- 1.43 *Maxillaria uncata* 35
- 1.44 *Eriopsis biloba* 35
- 1.45 *Pleurothallis lanceana* 36
- 1.46 *Pleione bulbocodioides* 36
- 1.47 *Akebia quinata* 37
- 1.48 *Epimedium setosum* 37
- 1.49 *Pseudofumaria lutea* 38
- 1.50 *Glaucium flavum* 38
- 1.51 *Protea cynaroides* 39
- 1.52 *Leucadendron eucalyptifolium* 39

1.53 *Gunnera manicata* 40  
1.54 *Cissus erosa* 40  
1.55 *Casearia sylvestris* 41  
1.56 *Calliandra surinamensis* 41  
1.57 *Ficus carica* 42  
1.58 *Morus nigra* 42  
1.59 *Cayaponia tayuya* 43  
1.60 *Hylotelephium spectabile* 43  
1.61 *Chrysosplenium davidianum* 44  
1.62 *Astilbe rubra* 44  
1.63 *Bergenia ciliata* 45  
1.65 *Melianthus major* 46  
1.66 *Lythrum salicaria* 46  
1.67 *Heimia salicifolia* 47  
1.68 *Cuphea ignea* 47  
1.69 *Lopezia racemosa* 48  
1.70 *Boisduvalia densiflora* 48  
1.71 *Clidemia capitellata* 49  
1.72 *Miconia papillosa* 49  
1.73 *Tibouchina elegans* 50  
1.74 *Combretum laxum* 50  
1.75 *Combretum paniculatum* 51  
1.76 *Hermannia salicifolia* 51  
1.77 *Abelmoschus esculentus* 52  
1.78 *Malva sylvestris* 52  
1.79 *Grewia caffra* 53  
1.80 *Paullinia cupana* 53  
1.81 *Tropaeolum majus* 54  
1.82 *Limnanthes macounii* 54  
1.83 *Crataeva tapia* 55  
1.84 *Cleome spinosa* 55  
1.85 *Isatis tinctoria* 56  
1.86 *Scybalium fungiforme* 56  
1.87 *Anredera cordifolia* 57  
1.88 *Talinum paniculatum* 57  
1.89 *Hylocereus undatus* 58  
1.90 *Portulaca grandiflora* 58  
1.91 *Delosperma cooperi* 59  
1.92 *Lampranthus aureus* 59  
1.93 *Carpobrotus deliciosus* 60  
1.94 *Gibbaeum pubescens* 60  
1.95 *Mirabilis jalapa* 61  
1.96 *Amaranthus retroflexus* 61  
1.97 *Celosia argentea* 62  
1.98 *Gomphrena serrata* 62  
1.99 *Myricaria germanica* 63  
1.100 *Limonium sinuatum* 63  
1.101 *Persicaria virginiana* 64  
1.102 *Triplaris peruviana* 64

- 5.23 Scabiosa columbaria 186
- 5.24 Lonicera japonica 188
- 5.25 Lonicera xylosteum 190

## 1.4. Calycanthus occidentalis

Number: 62257.06

Series: Hydrogen and Carbon series; emphasis on Carbon series.

Clades: Calycanthaceae; Laurales; Magnoliidae.

Phase: 5; Subphase: 7.

Stage: 6.

DD: Natrium, Silicon, Thulium.

### Mind

Retiring from feeling not recognised, acknowledged, lost parents, being orphan.

Protective, hidden, closed, do not communicate about themselves.

Rational, logical, consistent, intelligent, intellectual; scientist, dry.

Wiseacre, stubborn, self willed. Indignant.

Firm, strong, do not give up.

Atheism.

Easily distracted, dreamy, excursive.

Brightness is gone, < disappointments, < lack of love and sex, wife walked away, < violence in the world.

Delusion: being not good, bad, dirty, rotten.

## Calycanthus occidentalis, proving

Sense proving

Prover 1

Smell of old cheese

Retiring from feeling not recognised, acknowledged, lost parents, being orphan.

Protective, closed, do not communicate about themselves.

Indignant.

Hidden, in the depth.

Radiating, but not seen, wanting to be not seen because they think they are not good, bad, dirty, rotten.

Firm, strong, do not give up.

Stage 6.

Taste: bland, somewhat pricking.

Rational, logical, consistent, intelligent, intellectual.

Easily distracted, dreamy, excursive.

Dry, dry.

Thulium.

Let oneself go, because it makes no difference.

Taste: later bitter.

Having to swallow a bitter pill.

Atheism, pretending to be beautiful, but all brightness is gone due to disappointments, lack of love and sex, due to the violence in the world, in their youth.

Scientist, dry.

Wiseacre, stubborn, self-willed.

Man, 40, who does not understand that his wife walked away from him; she walked away because he was too dry and silent, taciturn.

Sharp lines in the face.

Retired.

Sodium, Silicon.

Phase 4, 6.
